My wishes for Christmas are...

Much lightness and gentleness after a year where it felt on more than one occasion that the world had gone mad! I wish for a cure to the Ebola virus, a white Christmas with my nephew and niece in France enjoying some duck foie gras, for the media to stop their nonsense for two weeks (all right a month then!), for some special politicians to have humanity, positive vision and empathy inserted and engraved in their brain and heart!

For all of us, joy and laughter, gratitude for all our blessings - it has been a big incredible year - many successes and lots of luck for the gallery and the artists next year.

Thank you all for your support this year.
Joyeux Noel! xx

JOSHUA PARRY

My wishes for Christmas are...

For Christmas I would like to lose myself somewhere off the Princes Highway in a town that time hasn't touched since the 50's, where the ocean is turquoise and I can jump off rocks to swim, rather than sand.

My wishes for Christmas are...

I don't really do Christmas. So I never wish for much. But if I must say something, I wish for my friends and family good health and good cheer.

Serenity and joy after a tumultuous year!
I wish for a wonderful Christmas and New Year spending valuable and happy times with my family and friends, lots of relaxation and meditation, drawing and painting.
